

School Group Scholarship Program

2011-2012 Eligibility Guidelines

In order to make Science Factory programs and services accessible to all members of the community, the Science Factory is pleased to provide financial assistance to groups who are unable to afford regular Science Factory admission and program registration fees.

Each year the Science Factory is able to offer a limited number and amount of partial and full scholarships to those requesting financial assistance and providing evidence of financial need. This program is made possible this year by the support of the KeyBank Foundation.

The Science Factory's goal is to assist all those who request and qualify for assistance; however, we may not be able to accommodate all requests. Requests for scholarships will be approved on the basis of eligibility and the availability of funds. Requests will be handled on a "first come, first served" basis.

Eligibility Guidelines:

Eligibility for this program and the amount the fee is reduced is based on the percentage of students enrolled in the school that are eligible for federal free or reduced price lunch program per the Oregon Department of Education.

Portion of students on free/reduced price lunch	Percentage of field trip fees covered by scholarship
30% - 39%	50%
40% - 69%	75%
70% - 100%	100%

Please note: Scholarships do not apply to field trip lab fees.

Ready to Book a Field Trip?

For more detailed information and background materials for a field trip to our Exhibit Hall and/or Exploration Dome, or to download a registration form, please visit the field trip section of our web site:

<http://www.sciencefactory.org/education/>. To apply for a scholarship, submit your group registration form, scholarship application, and federal free or reduced price lunch determination letter.

For more information about our school group scholarship program, please call Science Factory Visitor Services at 541-682-7895.
